

WOMEN'S JACKET SIZING

Chest Measurement:

While standing with your arms relaxed at your side, wrap a flexible tape measure around your chest at its largest point. The tape measure should go through your armpit and stay parallel with the floor while taking the measurement.

Sleeve Measurement:

While standing with your arms relaxed at your side, place one end of a flexible tape measure at the top of your shoulder. Measure from the top of your shoulder, down over the point of your elbow, and finish at the wrist bone.
