FLARE™ WINDSHIELD FOR 2018+ HONDA GOLD WING

The style and performance of Klock Werks original and patented Flare™ Windshield is now available for Honda Gold Wing riders! Known for long distance riding, Gold Wing riders will appreciate how the Flare™ Windshield improves comfort, as well as aids performance of an already great bike.

Klock Werks Flare™ is the ORIGINAL windshield of its kind, and has surprised riders everywhere with not only how great it looks, but also with how well it performs. The innovative design features "hips" at the outer edge of the shield that re-route the air to add downforce to the front of the bike, improving stability vs riding with a stock shield. The "flip" at the top of the Flare™ is designed to kick the air up and back as "clean", less turbulent air for the rider and passenger. Made from hard-coated polycarbonate material for added durability.

Flare™ For Honda Gold Wing is pre-drilled for installation using stock mounting locations and hardware. Our designers chose this height for the ultimate performance with the stock adjustability parameters.

FOR HONDA 2018+ GL1800 GOLD WING AND GL1800 GOLD WING TOUR
